<p>This development will directly affect the whole village with an increase in traffic, noise and air pollution as the main offences. The area has a huge amount of wildlife which will disappear, again a detriment to the village.</p> <p>The local schools, doctors and other services will not be able to cope unless they receive substantial financial aid. They are already stretched with recent building projects.</p> <p>There will also be an increase in flooding which has already worsened with recent developments.</p>
