<p>Access to and from site is a narrow lane joining a busy B road- 500 lorry runs on that small steep road is an accident waiting to happen. Its dangerous enough with artics using the hill as a shortcut already. Its a minerals application dressed up as housing.We have been here before ! What about the environmental effects and pollution on the village. It has been refused once . It should be refused again before a serious accident happens. loaded HGVs on a narrow road and steep hill is NOT a good idea</p>
