<p>I strongly object to the proposal to build dwellings on the land at Cliff Hill because, the building work and development of houses will cause the infrastructure and public services like Schooling, Healthcare and Water Supplies and Sewerage to become grossly overloaded. Existing infrastructure especially for sewerage already cannot cope with high levels of rain, which causes manhole covers within the village to lift. This scheme is no more than an opportunity for an independent building company to reap large financial rewards whilst detracting from the quality of life for local Denby Dale residents. If the council has a shred of decency, they will throw this scheme out forthwith. Please remember local councillors, we all have votes!</p>
