<p>This proposed works and development of 62 houses will seriously adversely affect the natural environment of the village. This site is important as a wild place and for the wildlife it supports. The loss of this green space, which is adjacent to a well-used path for villagers and visiting walkers will be a blight on the peace of the village. The visual impact will be severe. There are also the issues of access and the resulting heavy traffic congestion that will impact significantly, particularly on the two busiest main roads in the village.</p> <p>It is now really difficult to get a GP appointment in Denby Dale/Skelmanthorpe - sometimes you have to wait 4 weeks, whereas 20 years ago the wait was 2 days. More people will only exacerbate this.</p> <p>I strongly object to the proposed plan for the above reasons.</p>
