<p>This development will ruin the whole character of the village. This is a beautiful location - any new housing estate and everything that comes with that, will just destroy the area.</p> <p>The noise and disruption plus additional volume of vehicles all causing further pollution and traffic, will all contribute to worse living conditions for the local community and neighbours.</p> <p>Previous applications were denied, I see no real evidence to state this one is any better than those so this should also be denied. Conservation of this area should be the priority.</p>
