Subject: Ref 2024/62/93479/W

Dear Kirklees

I am writing to object about the planning application for Ref 2024/62/93479/W.

We are concerned about the potential increase in traffic, noise and overall disruption that such a facility might bring. Whilst we understand the need for a children's home, placing one in a quiet, residential area is not appropriate and could negatively impact the quality of life for current residents.

A lot of our residents are elderly and as such feel this also impacts negatively on their quality of life.
