1. Castle Hill, Huddersfield has been designated a site of historical importance by Historic England. 2. It is situated in the Green Belt and has Schedule Ancient Monument status. 3. It is a nature reserve and the proposed development would contribute to destroying this unique environment. 4. Access to the top of the hill by traffic is by single file. As this is an part of the historical site there is no possibility of this access being improved. There is only limited car parking on Lumb Lane. 5. Information abut Castle Hill is on boards and in the Victoria Tower. All this could be improved. 6. Castle Hill, as it is, provides a wonderful place to get away from the hustle and bustle and stress of everyday life, where the extensive vistas of our beautiful countryside can be enjoyed in peace. 7. It should be preserved and enhanced as it is.
