<p>Hi there, the developer Violet Homes is a company where the Directors where also responsible for Brierstone Construction. This is the company that liquidated when building the other two house at this location. During that build of the previous homes, and I expect to see the same issues here, Brierstone (now Violet) did not make good Old Lane as per the planning permission, did not clean the roads resulting in filth washing down to Grand stand and Taylor Lane, used Old Lane for heavy vehicle movements again against planning permission. They operated in unsafe ways for residents. They had no plan for managing run off from the site for the springs that were unearthed. They discharged run off into existing drains again without permission. They also liquidated leaving suppliers unpaid. And now you are entertaining them again?</p>
