No objection in principle but a plan showing the parking spaces is required.

This application seeks a change of use from dwelling (C3) to children's home (C2) at 189, Headfield Road, Savile Town, Dewsbury.

Vehicle access to the site from Bretton Street will remain as existing and is unaffected by the proposals.

The proposals are unlikely to significantly intensify the use of this road and Highways D.M. would not raise an objection

However, notwithstanding the above comments, further information is required on the proposal.

A parking management statement has been provided. However, this does not show the parking spaces. A plan is required showing the details and location of the car parking places

The Applicant states that there is land available which will be used for dedicated car parking for the company vehicle however no details have been provided.

They also state that a few parking spaces with signage for staff and visitors is available within Unit 3A. However, no details on the number or location of these parking spaces have been provided.

A revised plan is required showing details of the car parking

Secure cycle storage should also be provided.
