<p>Would like to raise a number of concerns on this development.</p> <ul style="list-style-type: none"><li>- the view to the church from the Field Tops walled path is splendid and enjoyed at all times of the year by the frequent walkers along this path, including myself. It is one of the few semi-rural views left in this heavily built up area and the best view of the church. Any developments should preserve this view.</li><li>- the entrance / exit to the development leads directly onto the already congested Lidget Street.</li><li>- the land has a variety of mixed scrub, grassland and trees so likely supports a diverse wildlife in a heavily built up area.</li></ul>
