Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

A minor amendment to Planning Condition 37 to ensure that the condition continues to meet the six planning tests, reflect the latest evidence on highways and parking in the area and to enable the college to respond to the request of Kirklees Council to assist in meeting the council's statutory duty to provide sufficient post-16 places. This amendment does not amend the built form, description, use or location of the development in any way and does not include any expansion of college facilities. Request is to amend the wording of the condition to read "37. The total number of students shall at no time exceed 3,275 and staff shall not exceed 210 (full time equivalent)." This application is accompanied by supporting information on the latest travel surveys, parking beat surveys for the surrounding highways and a current College Travel Plan.

Please state why you wish to make this amendment

The condition applied to the development is unusual and restricts the operation of the college in a way not applied to other similar education institutions. This restriction has been applied in perpetuity, so additional technical work has been undertaken to ascertain the level of parking demand on public highways during college term time and in college holidays. This work shows that there is no measured difference in parking demand in term time and indicates much of the existing parking demand is from commuters using nearby transport hubs or accessing the town centre. This application is accompanied by up-to-date travel surveys and a more detailed College Travel Plan. The current restriction restricts the usage of the development, which is located in a highly sustainable location. If not amended via this application, the college will not be able to assist Kirklees Council in their statutory duty to meet rising demand for post-16 places and students will be forced to travel further distances to less sustainable locations to access Level 3 provision.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No
