I have recently moved to this residential area which is near schools, a laundrette and a shop. If I had know that a children's home was going to be proposed near me I would not of purchased the property. It is a residential area and does not need more traffic on the road and parking. It is already a busy road and parents park on the road from 8am in a morning to just after 9. They are then back again at 2.30pm for school pick up. Where will the employees park? The area is also populated by an aging population who wants a quiet and stress free life.
