<p>I highly object for such a dwelling to be changed to a children's home in an elderly residential area. I feel the cons far outweigh the pros. Local residents don't wish for a business to be allowed to run from a residential property. The property is empty & hasn't been lived in since it was purchased so stating it is lived in isn't true as we have all been waiting to see our new neighbours. I've checked companies house no such company exists which I find odd also. I worry about the safe guarding of our children & how such care homes often result in an increase in crime anti social behaviour & regular visits from the police after concerns or incident with said residents something we wish to avoid at ALL costs! I know I am not the only resident objecting to this application so I do not stand alone with my views.</p>
