<p>This proposal has actually only just been brought to my attention and I am very concerned over the application and the lack of notice to residents on Harefield Drive and the surrounding areas.</p> <p>I fear that should this application be approved it would lead to an increase of ongoing traffic related issues, severe parking problems, noise, trust issues, and a trend of various anti social behaviour issues, including disturbance of the peace, in our current quiet and friendly neighbourhood. I strongly believe this proposal threatens chaos to our streets and residents and has no positive impact on our community. This will also attract regular unknown visitors to the neighbourhood, potentially raising concerns for our children and the more vulnerable and their security. Our community is home to many friendly, young, vulnerable, elderly residents whom all know each other and share a strong mutual trust and who help each other and look out for one another. The families who live in this residential area deserve to live without fear or disruption, or disturbance to peace and the introduction of a children's home could potentially jeopardize the safety and tranquillity that we currently enjoy.</p> <p>I am not against providing support for vulnerable children however, I believe there are more suitable locations for such establishments and not in our small quiet residential area and I strongly believe that it would disrupt and interfere with our communities quality of daily life.</p>
