Subject: Planning Application 14 Harefield Drive Birstall

CAUTION: External email. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Sir or Madam

Please find attached pictures that clearly show the obtrusive parking from the people currently making re developments to the above property.

A significant number of objections have already been submitted and I send you these as confirmation of the number of problems, vehicles will cause if the proposed re development goes ahead.

The silver vehicle has been located at the property for a number of times now and as you can see, at times quite clearly it is parked on the pavement. Due to the poorly maintained garden at the property, there is no option but to have to walk round the vehicles on the road which is completely unsafe for anybody that has to, pedestrians, parents with pushchairs/young children walking to the local school and not to mention anyone with a physical disability.

As a local resident, I am extremely concerned about the proposed planning application and even more concerned of mine and my neighbour's futures should this go ahead. Harefield Drive is NOT an appropriate place for a institution of this nature which could lead to anti social behaviour and worse.

I urge you to reject this application.

Kind regards
