<p>The said property is located in a highly desirable area of HOWDENCLOUGH made up of semi detached houses &amp; detached houses which are predominately private residence ..</p> <p>Most residents have 2 or 3 motor vehicles resulting in many cars being parked on the road side making it very congested &amp; difficult to pass through at the best of times but even more so at school times with parents parking along the same roads &amp; close by which makes it unsafe especially for vulnerable children.</p> <p>The Children's home that's being applied for could also have a negative impact on the area with potentially more anti social behaviour, littering, noise, pollution, increased crime &amp; potential assaults on what is a close nit law abiding Community.</p> <p>There is also a number of elderly residents living in close proximity to the proposed property who feel they will not be safe to go out of their own homes which will impact their every day lives .</p> <p>This is a private residential housing estate &amp; not the place for a commercial children's home.</p> <p>Therefore on the above grounds I object to the proposed plans .</p>
