Subject: Re: Subject: Strong Objection to the Proposed Change of Use at 14 Harefield Drive, Birstall

Dear Jennifer

I write further to the emails below the contents of which I note.

This planned development is within my ward, I was invited to and listened to the concerns of approximately 100 local residents.

I sympathise with their concerns and echo the sentiments expressed by Josh in terms of suitability of this location for the said purpose.

There is an electric substation too close to the sight the implications of which have already been made clear together with a lack of recreational areas for any young potential residents.

Whilst I acknowledge and accept the need for such housing, I am of the view that the location is not suitable for purpose.

I trust this expression of concern will be noted and fully considered prior to any final decision being made.

KR

Zahid Kahut
