Subject: RE: Attached letter from Kirklees Council regarding application number 2025/90033 at location adj, 916, Halifax Road, Hartshead Moor, Cleckheaton, BD19 6LR

Just to confirm the original comments and conditions from May 2025 are still valid for this application. As mentioned in the comments, I would recommend that further information on how Biodiversity Net Gain will be achieved as part of this development. I can't see any updated information on the proposed net gain route that has been submitted.

Best wishes,

Zara Hanshaw ACIEEM (she/her)

Biodiversity Officer

Conservation, Design, Ecology & Trees

Planning and Development Service
