<p>The applicant states there will be one child and one staff member. This is impossible in a childrens home as the minimum staffing level would need to be one to one staffing plus a registered manager and Responsible Individual.</p> <p>Therefore there would be a minimum of 3 staff members involved. There would also be social worker visits and other professionals. The traffic already comes to a gridlock due to a very busy school and mosque. There are already massive parking issues and this would make it almost impossible. The area is not the most suitable as there have been grooming cases in this locality and vulnerable children could be exposed. There is also fairly high crime in the locality. Therefore I humbly request that this application is refused .</p>
