<p>I strongly feel that permission should not be granted for this planning application. As a local resident, I am aware of several factors that would concern the safety and welfare of the children.</p> <p>There remains a major issue in this area regarding traffic. As a result of the increasing number of cars present on this road, the local residents frequently find it virtually impossible to locate a parking space with ease. It is a topic of anxiety within the area, particularly for those who work. Therefore, it would not be suitable to locate a children's home in an area whereby residents are already struggling with the area being overcrowded.</p> <p>Unfortunately, there remains the major concern of theft, drug abuse and violence in this area. It is of paramount importance that the safety and welfare of the children is the priority. It is certain that these vulnerable children would be at a high risk of engaging in criminal activities if they were to reside in Lockwood.</p> <p>The council must take this objection alongside the others into serious consideration prior to putting vulnerable children in the face of danger.</p>
