The childminder venue is a valuable asset to the local community, without this business people would have to find alternative childcare & there is a massive lack of provision in the area, the setting provides a source of local employment & training for younger members of staff. Being a childminder myself I know how hard it is for parents to find excellent childcare in the area (as it is in the area where I live too) & this will impact on the local area if taken away causing more costs for families having to travel further to find decent/alternative childcare Children attending this setting forge friendships from an early age which then they can take forward to school which helps young children, this setting also has a very close relationship with the local school which enables & supports transition making it a lot easier for the little ones If this planning application is not supported then the business will have to close causing the local community to suffer & the loss of jobs/employment & the loss to a very hard working lady that puts 110% into everything that she does therefore her family will also suffer
