As the government has now pledged free child care 15 hrs per week for 2 year olds and then 30 hrs for working families, there is a huge shortage of child care providers in this area, if Meltham was to lose this childminder it would have a detrimental effect on Not only the local community as families rely on local childcare but to households and potential earnings for households/families The department for work and pensions work hard to encourage people to work and local childcare is critical in ensuring there are sufficient resources available. It would be outrageous and non productive for families in the local area not to have sticks n stones operating.
