<p>My child attends Sticks n Stones before and after school. Me and my partner would struggle to find alternative care for our child if the setting closed as there is a lack of other provisions in the area. My younger child is due to start here later this year. If this wasn't possible we would struggle getting both children to a care setting for the same time. We would have to do additional traveling costing more in fuel and time.</p> <p>The company is amazing with my child and he really loves attending.</p> <p>There is a shortage of childcare settings in the area and the company provides amazing opportunities for younger people looking to work in childcare of which there is a shortage of especially in our area.</p> <p>We would really be lost without sticks n stones! What an amazing business!</p>
