I am in full support of this application. As a working parent with a young child I was in need of a nursery or child minder to take care of my son in the local area. I found that there was a great demand for places but not many available - I was lucky to find a place for my son but many others had to travel much further away. These child minding businesses not only provide a safe place for children to stay before and after school, they provide parents with peace of mind and an opportunity to be positive role models for their children. There is a shortage of good childcare provision across Huddersfield which is why I am supporting this application.
