The childminding venue is a valuable asset to our community, It is close to my house allowing us to walk & if this is not supported/approved then I would need to travel much further away causing unnecessary fuel bills & impact on the environment. My child has formed great bonds & friendships with staff and children at the setting and would impact us massively when our child it to transition to school. The staff are absolutely fabulous at their jobs and if the setting was to close it would be leaving local people without jobs.
