We are considering relocating to Meltham but being a family with young children we have found the provisions for childcare to be very limited in the area. Having looked at the options available to us we feel the provision of Sticks ‘n’ Stones is essential and valuable for the local area and is ideally placed to serve the transitional school/s, allowing those that attend the opportunity to establish friendships from their early years. Without Sticks ‘n’ Stones as a facility it would make our move very challenging as it would mean having to travel further afield to access alternative childcare which will impact negatively on us as a family. There is a significant lack of provisions for childcare in the locality. If this planning application is not supported then the provision will be forced to close and causing further detriment to an already struggling community.
