I am in full support of this application and this business. I live nearby in linthwaite and work in meltham. due to the nature of my work I had to return to work 6months after having my baby boy. childminder and nursery services are limited in the area with many having 12mth plus waiting lists often needing parents to get their baby on a list before the baby is born. If this application were to be rejected/this business to close it would have a negative inpact on the surrounding community. From the supporting evidence provided the business seems to have gone over and beyond to meet the demands of the complaints.
