Subject: Planning application 2025/62/90180/E

FAO case officer

Faiza Bano

Following my comments to object to the above planning request, please find photos attached to evidence how much the proposed elevated glass door would overlook my property.

It would impact my total garden space, which is on three levels and also my sons downstairs bedroom, and my downstairs living area.

I am a 24 hour carer and need to feel at ease in my own home.

These proposed plans have caused me considerable stress.

I also feel it would affect the value of my property as its appeal is the privacy and I have gone to a lot of expense to make it that way.

I urge you to carefully consider my concerns and refuse this planning application.

Kind regards
