<p>I object on several points,</p> <ol style="list-style-type: none">1. The location isn't ideal,2. the proposal doesn't support the enough parking and due to been a one way system will block Ings Rd/Ealand road off which on a evening when people are at home getting through sometimes is hard enough without incosiderate people collecting/delivering orders, (you only have to look at Commercial Street after 5pm most eveings to see how this effects the traffic flow)3. The amount of traffic in the area is also high, the roads stuggle at times to support the traffic thats there without this. It will increase traffic/amount of cars hanging around4. There will be a increase in rubbish, you only have to look at the bottom of the road round Frankies where you will notice everyday rubbish scatted all round5. It is very close to several homes within a very close proximity and due to opening hrs this will result in excess noise and and disturbance in the area,6. We have more than enough takeaways within a 1 mile radius of the proposed development.
