The additional single storey extension is unacceptable 1.The size of the overall extension would be way beyond that of adjacent and nearby dwellings and therefore not in keeping with the area. 2.Surely the extension is far too near the protected tree in property No. 10s garden there is no doubt that the root system would be compromised . 3.Further accommodation means the likelihood of further vehicular traffic across the turning circle ,into what only can be described as a very small access.This would be a safety issue when vehicles from adjacent properties are using the turning circle. 4.We are annoyed that we have not been personally informed of this proposal as we are directly affected by it if it goes ahead.We were informed by letter of the original extensions.It was just by chance that we looked at the planning applications that we became aware
