<p>As a person living here for quite awhile it is clearly seen that any kind of commercial enterprise or any kind of business related action is not practically suited around this area, especially for a care home for vulnerable children.</p> <p>I also think that the people living here have no opposition of creating a care home for children but not here. As previously mentioned it is not suited for our area, especially when there is family and the elderly that lived here peacefully for generations.</p> <p>If this planning application is approved I believe that the impact for the community that live here will mainly be:</p> <ul style="list-style-type: none">- Increased Traffic- parking issues- increase noise levels when this should be a peaceful area- An insane decline on house values- Potential Safety concerns for the residents that are currently living here- Disturbance during staff changeovers <p>Touching on the parking issues, there is technically no parking space Infront of 17 Far View Crescent for a care home and the building is not designed to be a care home. A building like that was never meant to be for any kind of enterprise in the first place, That building mainly looks like it was only refurbished for a family to live there.</p> <p>I heavily want this idea for a care home to be disregarded and to be kindly taken it elsewhere</p> <p>I feel like that Far View Crescent and Far View Bank is and should be a peaceful resident for the elder and for the families that live here.</p>
