

The architectural floor plan of the second floor is divided into several rooms and sections. The overall dimensions are 5054 units wide and 4375 units high. The plan includes three bedrooms, a dressing room, and an en-suite bathroom. The rooms are labeled with their names and areas in square meters (m²).

- BEDROOM 3**: 26 m², located on the left side of the plan.
- DRESSING**: 6 m², located on the right side of the plan.
- EN-SUITE**: 6 m², located adjacent to the dressing room.

The plan also shows a central staircase and a bathroom area with a bathtub. Dimensions for various sections and furniture are provided, including 910, 89, 2950, 811, 89, 2050, 2706, 89, 2250, and 2050. The plan is oriented with North (N) indicated by an arrow pointing towards the top right.

This architectural drawing shows a side elevation of a brick wall. The wall is constructed from bricks laid in a running bond pattern. It features a gabled roof with a wide overhang. The base of the wall is built on a foundation that has a stepped profile on the left side, descending from the ground level to a lower level. The drawing is a black and white line art, typical of architectural blueprints.
