<p>The increase in traffic supporting the childcare home will mean greater disturbance day and night, disruption to parking, possible greater noise issues changing the character of the neighbourhood. Previous planning applications have been refused, so why has it been resubmitted?</p> <p>A property with the same use classification has caused several issues near my brother. This includes increased crime levels, vandalism to neighbouring houses from minors with various issues, property damage to both the residential home and also including his neighbours cars.</p>
