<p>I feel as a resident on Delves Wood Road this application will have a detrimental effect on our community. Whilst I completely understand the nature of this application, I have been a foster carer for Kirklees council for 13 years and have seen first hand what challenging young people can be. whilst this is not entirely their fault, it shouldn't be local residents that have to endure anti social behaviour right on their doorstep. Regular police activity, social workers coming and going, parents coming and going at all times. We have worked hard for our property and made it a safe place to live. I know for a fact that this will be used for private fostering that will take the most challenging young people and I most certainly do not want this where I live. I oppose this application 100%</p>
