We have resided close to the property on Delves wood road that has applied for the change of use to a children's home for over 20 years. This is a quiet and peaceful residential area and I object in the strongest possible terms to the change of use from a residential dwelling to that of business use as children's home (in particular for troubled teenagers). I fear that if this proposal goes ahead it will attract an undesirable element into our peaceful community and as a result this could adversely affect the quality of life enjoyed by the residents living nearby. In addition this could also have a detrimental effect on the market value of adjacent residential properties. This is a quiet residential community and should be kept peaceful and unchanged for the benefit of the residents that have enjoyed living here for many years.
