I have concerns re: traffic congestion being exacerbated in this area if this plan goes ahead The lack of assurance in the application that graves will not be impacted, I have family buried here as well as a memorial stone for family members near the Church door Noise nuisance from the apartments, particularly when people are trying to have a time of reflection near their deceased relatives Concerns re access to the graveyard if development completed That this Grade 2 listed building will not be sympathetically developed and maintained The application is disrespectful and blase in it's attitude towards the deceased
