<p>To whom it may concern.</p> <p>After careful consideration of the proposed planning application. We feel the change of use will be of detriment to our safety. Originally, when the application was proposed, we supported the decision of student accommodation due to the number of educational institutes within a mile radius, however, we strongly disagree with the application for change of use to Emergency Housing.</p> <p>The property is located on a street that is already a busy congested bus route. I feel that the parking for the residents would become an even bigger challenge resulting in further congestions and disturbances.</p> <p>In a heavily populated student accommodation area. We feel that emergency housing will leave and the students feeling vulnerable and not to mention the families that live inbetween. This street is a common walking route to the nearby schools and universities as well as access to the community allotments. We feel that there is more suitable places to accommodate people needing emergency housing which wouldn't unsettle nearby residents, young family and students.</p> <p>Thank you</p>
