

Town and Country Planning Act 1990

**Town and Country Planning (Development Management Procedure) (England) Order
2015**

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2025/62/90453/W

To: Mannan Iqbal
Unite Designs
6a, Greenhead Road
Huddersfield
HD1 4EN

For: K RAHEEL

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

ERECTION OF 2 DWELLINGS FOR STUDENT ACCOMMODATION

At: 46, STILE COMMON ROAD, PRIMROSE HILL, HUDDERSFIELD, HD4 6DE

**In accordance with the plan(s) and applications submitted to the Council on
19-Mar-2025, subject to the condition(s) specified hereunder:-**

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended).

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and so as to ensure the satisfactory appearance of the development on completion, and to accord with Policies LP1, LP2, LP3, LP21, LP24, LP30, LP51 and LP53 of the Kirklees Local Plan and advice within the National Planning Policy Framework.

3. The materials of construction of the walls and roof of the development hereby approved shall be stone for all external walls and tiles of a grey colour finish to all pitched roofs. Should alternative materials or colour finishes be intended to be used no further development shall be undertaken until a scheme detailing all materials of construction and colour finishes for the walls and roof has first been submitted to and approved in writing by the Local Planning Authority. The development shall not be brought into use until it has been completed in accordance with the materials and colour finishes approved by this condition which shall be retained thereafter.

Reason: In the interests of visual amenity and to accord with Policies LP2 and LP24 of the Kirklees Local Plan, principles 2 and 13 of the Council's adopted Housebuilders Design Guide SPD and policies within chapter 12 of the National Planning Policy Framework.

4. The front and side external walls of the dormers hereby approved shall be of a colour finish to match that used in the construction materials of the roof so approved by condition no.2 of this decision and retained thereafter.

Reason: In the interests of visual amenity and to accord with Policies LP2 and LP24 of the Kirklees Local Plan, principles 2 and 13 of the Council's adopted Housebuilders Design Guide SPD and policies within chapter 12 of the National Planning Policy Framework.

5. An electric vehicle recharging point shall be installed within the dedicated parking area of each approved dwelling before it is first occupied. Cable and circuitry ratings shall be of adequate size to ensure a minimum continuous current demand of 16 Amps and a maximum demand of 32 Amps. The electric vehicle charging point so installed shall thereafter be retained.

Reason: To encourage ultra-low emission vehicles in the interests of air quality and accord with the guidance contained in Chapter 9 and Chapter 15 of the National Planning Policy Framework, the West Yorkshire Low Emissions Strategy and Policies LP21 and LP24 of the Kirklees Local Plan.

6. One bat box or bird box, in the form of a Schwegler type 1FR woodcrete bat box / Brick box Type 24 (respectively) or similar, shall be installed on the exterior of each of the approved dwellings before the dwelling to which the box relates is first occupied. The box shall be installed, at least 4 metres above the ground and not located above windows or doors. The box shall thereafter be retained.

Reason: In the interests of enhancing the biodiversity of the site, in accordance with Policy LP30 of the Kirklees Local Plan and advice within the National Planning Policy Framework.

7. The accommodation hereby permitted shall be occupied by students only, defined as persons whose main residence is elsewhere and who are enrolled on recognised fulltime courses at one of the higher educational establishments in the borough of Kirklees only and for no other purpose (including any other purpose in Class C3 and C4 of the Schedule to the Town and Country Planning (Use Classes) Order 1987 (as amended), or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that order with or without modification.

Reason: In the interest of Highway Safety and Efficiency, as the dwellings are considered to provide insufficient parking for general market housing, in accordance with Policies LP21 and LP24 of the Kirklees Local Plan and advice within the National Planning Policy Framework.

8. Notwithstanding the provisions of section 55(2)(a)(ii) of the Town and Country Planning Act 1990 and the Town and Country Planning (General Permitted Development) Order 2015 as amended (or any Order revoking or re-enacting that Order (with or without modification)) windows in the side elevations of the dwellings hereby approved shall be first installed obscure-glazed to a privacy level minimum grade 4. Thereafter the windows in the side elevations of the dwellings hereby approved shall be retained obscure-glazed to a privacy level minimum grade 4.

Reason: So as not to detract from the amenities of adjoining property by reason of loss of privacy and to accord with Policy LP24 of the Kirklees Local Plan, principles within the Housebuilders Design Guide and policies within Chapter 12 of the National Planning Policy Framework.

9. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended (or any Order revoking or re-enacting that Order) no development included within Classes A, AA, B or E of Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority.

Reason: To prevent an overdevelopment of the site, and in the interest of residential and visual amenity, in accordance with Policies LP21 and LP24 of the Kirklees Local Plan, principles within the Housebuilders Design Guide SPD and policies within Chapter 12 of the National Planning Policy Framework.

10. Notwithstanding the submitted plans, the works shall be carried out in accordance with the findings and recommendations of the supporting information contained within the following documents:

- Letter dated 16th July 2019 by Arc Environmental Ltd with attachments, reference 19-161.01L
- Structural Technical Note reference HD-A-246 dated 31st January 2019 by Hudds Design.
- Letter dated 16th October 2014 with attachments, reference 14-669.02L from Arc Environmental

Reason: To ensure that coal mining activity at the site to remove unacceptable risks to human health and the environment are minimised in accordance with Policy LP53 of the Kirklees Local Plan and advice within the National Planning Policy Framework.

Note: To minimise noise disturbance at nearby premises it is generally recommended that activities relating to the erection, construction, alteration, repair or maintenance of buildings, structures or roads shall not take place outside the hours of:

Monday to Friday: 0730 – 1830

Saturday: 0800 – 1300

With no working Sundays or Public Holidays

In some cases, different site-specific hours of operation may be appropriate.

Under the Control of Pollution Act 1974, Section 60 Kirklees Environment and Transportation Services can control noise from construction sites by serving a notice. This notice can specify the hours during which work may be carried out.

Note: There is potential for a bat roost to be present on site. Bats are a European protected species under Regulations of the Conservation of Habitats and Species Regulations 2017. It is an offence for anyone intentionally to kill, injure or handle a bat, disturb a roosting bat, or sell or offer a bat for sale without a licence. It is also an offence to damage, destroy or obstruct access to any place used by bats for shelter, whether they are present or not.

If bats are discovered on site development shall cease and the applicant is advised to contact Natural England for advice.

Note: The granting of planning permission does not authorise the carrying out of works within the highway, for which the written permission of the Council as Highway Authority is required. You are required to consult the Design Engineer, Flint Street, Fartown, Huddersfield (Kirklees Street Care: 0800 7318765) with regard to obtaining this permission and approval of the construction specification. Please also note that the construction of vehicle crossings within the highway is deemed to be major works for the purposes of the New Roads and Street Works Act 1991 (Section 84 and 85). Interference with the highway without such permission is an offence which

Note: Clearance of vegetation should be undertaken outside of the bird breeding season, March to August inclusive. If any clearance work is to be carried out within this period, a nest search by a suitably qualified ecologist should be undertaken immediately preceding the works. If any active nests are present work which may cause destruction of nests or, disturbance to the resident birds must cease until the young have fledged.

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Proposed Drawings	UD498 - 02	E	30/09/2025
Gas Monitoring report	1810.2		26/06/2025
Structural Technical Note	HD-A-246		26/06/2025
Shallow Coal Mining Risk Assessment			13/03/2025
Climate Change Statement			13/03/2025

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application.

Discussions took place relating to the description, design and information requests with amended plans received 30/09/25.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording "submitted to and approved in writing by the Local Planning Authority".
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

DEVELOPMENT HIGH RISK AREA - INFORMATIVE NOTE

The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at:

[Building on or within the influencing distance of mine entries - GOV.UK](#)

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at: <http://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property>

[What is a permit and how to get one? - GOV.UK \(www.gov.uk\)](#)

In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here -

<https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](#)

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

Where the application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within:
 - i) 28 days of the date of service of the enforcement notice, or
 - ii) within the specified period, starting on the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 07-Oct-2025
