This will cause significant traffic problems in the immediate area. There is already congestion along Huddersfield Road and it is inevitable that people will park their car on double yellow lines in front of the building to collect their takeaway causing obstruction. Cars turning right from Knowl Road onto Huddersfield Road will have to negotiate illegal parking at a busy junction. People will think it acceptable to use the fire station forecourt to park. Delivery trucks will park outside the building to deliver supplies causing disruption to car drivers and put pedestrians at risk. People living in the immediate area snd children attending the nursery will be subject to noise, odour and nuisance. There will be increased rubbish. There is an application for 3 takeaway venues next to the Swan petrol station. Domino's would be better located there as there is available car parking. Mirfield town centre does not need a takeaway given there are 21 food outlets in Ravensthorpe.
