Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
With regard to this application , PARKING , I live on Trinity Street and the parking is limited to permit holders only and private parking for other residents. The church car park is for Church members and congregation only and is not a free for all car park. The 3 parking spaces mentioned are near on impossible to access and cars will need to turn somewhere on Trinity Street to either get in or out. What about the delivery vans/waggons , where are they going to park and indeed unload. Huddersfield road is double yellow lines both sides of the road and also Trinity Street. The Fire Station is next to the building in question and parking is NOT allowed there. The noise of prospective customers late at night will be a complete nuisance and the smell of constant cooking extraction will be nauseating for ALL residents. Litter and rubbish will be a huge problem as people will not abide by rules and quite frankly its not on their doorstep . We have more than enough eating establishments in Mirfield and this one is certainly not acceptable. So overall this Application is totally unacceptable for respectable residential residents of Trinity Street and indeed Mirfield.
