The Notice about the application was only posted on Town End Avenue and not also on neighbouring Town End Crescent. The notification process has thus been arbitrary and haphazard as not all of those effected have been properly notified. The application impacts on residents in the Crescent also - particularly the owner of the first bungalow abutting Town End Avenue which bungalow is situated directly behind the rear fence of No 11. If the proposal goes ahead they will be looking out on a brick wall and will lose their right to light to their kitchen window. Concerned residents on Town End Avenue have had to alert residents on Town End Crescent as to the existence of the application because they simply did not know about it. Following correspondence with Kirklees Planning Department residents have now arranged a meeting with them. A petition is now circulating in the neighbourhood regarding the poorly constructed and visually unsightly fence to the front of No 11.
