<p>One of the objection comments made was that all elm tree tree close object because it spoil the view and the area, this is NOT TRUE, i live directly opposite, i have no objections as previously the land was used as a dog toilet and disposal of garden waste, up until recently when the local farmer started to cut the grass the area was an eye sore.</p> <p>People may be objecting to the fence blocking there view, i have a photo taken by myself which shows the little amount of fence you can see because of all the cars &amp; vans parked in front of the fence when people are home from work.</p> <p>I have no objection to either the fence or garden as i think it is an improvement</p> <p>Kind regards</p>
