Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Alan Davies Northern Design
Site Address	37 Burbeary Road Lockwood
Description of Development	Proposed Loft Conversion and Dormer Extensions

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Installation of extra insulation and Air Souce Heat Pump
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Materials to be recycled for use on extension
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

Solar Panels to be fitted
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
Existing Loft Area already crated . Not Applicable
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
Not Applicable
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
Not Applicable
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
Not Applicable
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
Air Souce Heat pump installed
