

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Belmont Design Services Ltd
Site Address	AT : 574 HUNSWORTH LANE EAST BIERLEY BD4 6PU
Description of Development	PROPOSED SECOND STOREY EXTENSION TO THE REAR

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
The windows are above the U value required by Building Control
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
The building materials will be supplied by local builders merchants.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

It is only a small second storey extension and is unsuitable for solar panels or wind t
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
Minimum sized windows to ensure minimum heat loss
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
Not in a flood risk area
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
Water efficient WC will be used.
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
Only building above existing extension
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
No air pollution will be given out by the proposal
