Residents of Lindley Park have been calling for both Harron and Miller Homes to complete the originally proposed steps for over a decade. Harron Homes are clearly ignoring residents, and instead trying to misrepresent our interests. The access way between Wandsworth Fold and Austin Close (directly below the area under review) is well used, well maintained and in no way creating a security risk. Do Harron Homes have evidence to the contrary to substantiate such claims? Residents would be left to pick up the cost of maintaining an area which would be of no use. This is non other than a blatant attempt to avoid fulfilling their obligations under the original agreed plans. Certainly not acting in the best interests of residents or local community. I wholly object to this proposal.
