Good morning Nina

The attached application does not meet the criteria for submission of a rapid health impact assessment due to the size of the development being under the Public Health 1,000 sqm threshold.

However, as there is a hot food takeaway element -if it's at least 50% of the total proposed business, I can run it through our PH hot food takeaway toolkit to see what it scores as and provide a Public Health response. Please let me know accordingly.

Kind Regards  
Louise
