<p>I have strong reservations with this planned build, in particular to the lack of details to whom will be accommodated in this property and the invasion of privacy it will have on my home. We have only just moved into our lovely home at great expenses, then to find out that a housing association is developing opposite our house and potentially ruining our view and privacy. I have previously worked for a housing association and know the clients they can accommodate, so am also concerned about antisocial behaviour and the risk to my child and my peaceful occupation of my home. This plan should be delayed until securities to our area can be shown and if unsatisfactory not permitted. This has put much uncertainty in to my happiness at home and the worry that I will have to sell and move before issues and actual ability to sell.</p> <p>As another note, the planning application states the property is vacant but it is clearly occupied?</p> <p>Please consider this carefully and think about your current bill paying kirklees residents and the peacefulness of our community.</p>
