<p>If the council bothered to come up the road they would see the path is blocked off constantly and illegally also and the road round the corner also owned by the same company is even worse all the way on double yellow lines vans parked waking residents up at early hours if a traffic warden was to bother coming to these firms the council wouldn't have no financial problems its ridiculous that has to stand between 2 huge vans at the bus stop after she has had to go on the busy road to get to it. If the laws of the road and the thoughts of the people who live round here was taken into account then maybe but the lack of care and the workers in the alleyway between the sites and the pollution both in the air and what there dumping in the beck in between if permission was given it would go against the law anyway</p>
