Having been unable to view the plans for the outbuilding on line due to the site crashing each and every time I have tried I can only object as I did previously on planning reference 2018/90535. The objections I raised on that application still stand. The proximity of the side door to the proposed building is too near the boundary of my property. The extent of the planned buildings is too large for the site. Residential amenity is compromised. The proposed gym will be a noise generator and will impact the amenity to me of my garden area . Please refer to the detailed objections previously made as they still stand. The sheer size of the proposed rear additions to the house will severely impact my property and privacy. I respectfully request that planning permission be refused.
