This application should be refused because of the lack of clear access to and from the main road, which is also adjacent to a very sharp bend. In short, it's already dangerous, and if this application goes ahead, then the accident level will certainly increase. Hall Lane was never designed to handle the amount of traffic movements that this development would certainly bring. Therefore, I strongly urge the planning Committee, and highways departments to arrange a full site visit, and traffic survey before making any decisions.
